

Proud *to be from* Here

At Golden Spread Electric Cooperative, we are grateful to serve our 16 rural distribution cooperative Members from our headquarters in downtown Amarillo. Here's a little bit about us:

- We are a Member-owned nonprofit electric utility providing wholesale service to its Members.
- Like our Members, Golden Spread is committed to community service.
- Our 78.2 MW wind ranch is located outside Amarillo.*
- Golden Spread has a fleet of clean natural gas generators designed to supplement the electric market during times the wind stops.
- Read more about us at www.gsec.coop

**WE PROUDLY GIVE BACK TO
AMARILLO AND OUR REGION**

**Golden Spread
Electric Cooperative, Inc.**

A Touchstone Energy™ Cooperative 

*Our Vision: Trusted, Innovative and Flexible,
We Deliver Competitive Energy Solutions.*

*Golden Spread sells environmental attributes associated with wind to third parties in the form of renewable energy credits.
