WOW! What an amazing audition and call back process this was. Each person who auditioned did very well and we were very impressed with everyone. There were many hard decisions to be made. We were so proud of each and everyone who braved auditions and we saw so much growth in students!

If you did not make the cast list this time, please know that we are still so proud of you and can't wait for you to audition again. There will be more opportunities in the future! If you are interested in a crew position, please contact Mr. Jason.

If you did get cast, please be on the look out for an email later this week with information about a cast meeting. We want to wait to set that date until after the choir auditions.

Thank you!
